# TUFFflex Premium Shrink Film

TUFFflex™ Premium Shrink (PS) Film is an oriented cross-linked, polyolefin-based shrink material. It's exceptional strength and versatility is designed to accommodate the broadest range of applications and shrink equipment. TUFFflex PS is ideal for multipacks and heavier products and is available in 60 and 75 gauge centerfold formats. TUFFflex PS film is a highly recyclable material that meets the requirements of SPI Recycle Code "4" and can be included in the LDPE recycle stream. It also complies with the Sustainability Packaging Coalition's how2recycle program for the new Store Drop-off category.

# TUFFflex Soft Shrink Film

TUFFflex™ Soft Shrink (SS) is an oriented cross-linked, polyolefin-based shrink material. It is specifically designed for softer products requiring a gentler shrink force and it's combination of easy shrink and easy seal capability make it the most forgiving film in a packaging operation. TUFFflex SS is ideally suited to applications such as converted paper goods, textiles and other lightweight products and is available in a 60 gauge centerfold format. TUFFflex SS film is a highly recyclable material and desired by downstream recyclers and converters. It complies with the Sustainability Packaging Coalition's how2recycle program for the new Store Drop-off category.
