

# TOP 4 DISRUPTOR POWER MOVES

Supply chain challenges? Veritiv® shows you how to turn volatility into productivity with our top four ways to pivot for success.

## 01 EXPAND YOUR REACH

### WHY?

One or more of your suppliers work from a single source that's currently shutdown, creating a stop gap for materials.

Team up with a global partner with access to an unlimited source of packaging materials. With Veritiv, you get what you need when you need it.

## 02 AUTOMATE TO ACCELERATE

### WHY?

Consumer demand is growing and constantly in flux.

We engineer semi- and fully-automated packaging solutions to boost productivity and foster growth.

## 03 ENSURE CUSTOMER SATISFACTION

### WHY?

Now more than ever, customers need to know that you care about them and their purchase.

Veritiv provides on-time deliveries, damage-free products, and a positive unboxing experience.

## 04 CLEAN WELL TO STAY WELL

### WHY?

Employees are sick and can't come to work.

Veritiv teaches you how to properly clean your facility to reduce illness, increase productivity and break the chain of cross infection.
